M9arana m3a nass t9dar tbdld s-solouk, walakin l-effect sghir w context kay7kem

Paper peer-reviewed f Nature Human Behaviour, published 19 May 2025, daret systematic review w random-effects meta-analysis dyal 79 randomized controlled trials, b-total N=1,356,521. [S09][S10] Research question simple f form dyalha: ila wa7d l-intervention kaywarri l-insan kifach behaviour dyalo kayt9aren m3a nass okhrin, wach hadchi kaybddd actual behaviour?

Studies kano f climate mitigation, health, performance w service behaviours. Method included searches f MEDLINE, PsycINFO w Web of Science 7tta January 2024, PRISMA selection, Hedges g, risk-of-bias assessment, GRADE, moderator analyses, Egger test w trim-and-fill. Hadi meta-analysis, ma-shi survey wa7d w ma-shi wa7d experiment sghir.

Versus passive controls, short-term average effect kan Hedges $g=0.17$, 95% CI 0.11-0.23, $k=37$. Versus active controls, $g=0.23$, 95% CI 0.15-0.31, $k=42$. Had effect sizes sghar. "Statistically significant" ma katsawich "kbir". L-interpretation l-mzyana hiya belli social-comparison intervention t9dar t7rrk behaviour f intended direction b-average sghir.

Active-control synthesis kan 3ando $I^2=96\%$, ya3ni heterogeneity 3alya bzaf. Hadchi kaygol belli effects kano kaytbddo b-kthir bin studies. Kayn ta concern 3la small-study effects; trim-and-fill estimate b9a positive walakin hbat $I-g=0.15$. Donc l-core result ma tms7ash, walakin confidence f wa7d effect wa7ed applicable everywhere khaso yb9a limited.

GRADE certainty ranged mn low l-moderate. Ba3d trials 3andhom risk-of-bias issues. Most data jay mn high-income countries, li kay7edd external validity l-contexts okhrin. L-Morocco b-dabt ma n9drush n9olo nafs effect ghadi yban 7tta ydar local testing.

3lach social comparison t9dar tkhddm? Theory katgol nass kayst3mlo behaviour dyal others b7al reference point: "ana kanconsomi aktar mn jari", "ana kanmchi a9all mn average", "ana performance dyali ta7t group". Had feedback y9dar y7rrk motivation, norm perception w self-evaluation. Walakin mechanism ma kaykhddmsh nafs tariqa m3a kol wa7d.

Ba3d nass y9dro ystajbo b-improvement. Akhrin y9dro y7sso b-demotivation, threat wla irrelevance. Group average ma kaygolsh chno ghadi ytra l-fard wa7do. Hadi point methodology mohimma: pooled effect causal 3la trial level ma katsawich predictability individualiya.

RCT design kay3ti support l-causation f interventions tested. Hadi a9wa mn correlation observational. Walakin causation narrow: intervention as designed caused small average change f those settings. Ma katsawich social comparison b7al concept kaycause kol behaviour f life.

L-practical lesson ma hiyach "qaren rask b-nass bach ttbddl" b-general rule. Li kayban huwa belli carefully designed feedback t9dar ykoun low-cost nudge useful f chi programmes, khasatan ila l-goal specific w measurement wazi7. Programmes khas-hom yjarro localian, y9isso unintended effects, w ma y3tamdoush 3lih b7al intervention wa7id.

F policy w product design, effect sghir y9dar ykoun mohim ila cost sghir w reach kbir. $N=1.35$ million f synthesis katbayan scale dyal evidence, walakin sample size kbir ma kay7ellsh heterogeneity. Ila effect average $g=0.17$, ma khasnach nbi3oh b7al transformation kbira.

Chno n9dro nconcludiw? Social-comparison interventions can produce small average behaviour change. Chno ma n9droush nconcludiw? Effect ma-shi large, ma-shi universal, ma-shi guaranteed f Morocco, w durability long-term ma hiyach established b-nafs l-9owa.

Had l-paper mofiida 7it kat3ti antidote l-jouj extremes: "social comparison ma katdir walo" w "social comparison hiya hack qwi dyal psychology". Data katgol wa7d l-7aja aktar boring walakin aktar s7i7a: kayn effect, sghir, context-dependent, w khas measurement n9i.

Tayeb Saddiki w l-halqa: kifach masra7 modern y9dar ykoun Maghribi bla ma yjmd heritage

Tayeb Saddiki, 1939-2016, kan playwright, director, actor w adaptor Maghribi. Scholarship 3lih kat7etto f wa7d l-su2al li ba9i 7ayy: kifach culture t9dar tdir modern art bla ma t9ta3 m3a forms local, w bla ma t7awel had forms l-folklore static? [S13][S14][S15][S16]

Post-independence Moroccan theatre kan kaywajh tension kbira. Modern institutional stage forms jao partly mn European theatre histories w colonial presence. F nafs waqt, Morocco 3ando oral storytelling, halqa, bsat, zajal, religious w popular repertoires. Su2al ma kanch ghir "ashno ndiru f stage?"; kan "ashno kaytsma theatre aslan, w lmin?"

Saddiki ma jawbsh b-rfd Europe. Hadi point mohimma 7it authenticity stories kat9dar tbni hero kayrje3 l-pure roots w kayrmi influence foreign. Reality aktar hybrid. Work 3la

Saddiki w Moliere kaybayan appropriation w transformation, ma-shi simple imitation w ma-shi complete rejection. [S15]

Halqa f scholarship jdida katbayan b7al dramaturgical principle: circularity, orality, improvisation, audience interaction, fragmented narration, polyphony w diglossia. [S14] Ya3ni halqa ma hiyach ghir decoration f stage bach spectator y9ol "hada turath". T9dar tbdl form dyal performance nafsha.

Mlli audience ma kayb9ash invisible behind fourth wall, relation katbddl. Performer y9dar ykhatb nass direct, ystajb l-energy dyalhom, ydir rhythm flexible, w ykhlli storytelling yb9a aware b-wjoud l-jomhour. Had form katqarrb stage mn public space w kats2el hierarchy dyal theatre hall.

Diwan Sidi Abderrahman al-Majdoub kayji f scholarship b7al example 3la transposition dyal halqa aesthetics l-institutional theatre. L-mohim ma-shi n9olo play hiya halqa identical. L-mohim huwa kif devices oral w circular y9dro ydkhlo l-stage modern w ytbdl m3a lighting, scenography, script w professional ensemble.

Language ta hiya part mn form. Diglossia f Morocco ma hiyach obstacle khas artist yms7ha; t9dar twli artistic resource. Darija, fusha, zajal w registers okhrin y9dro ydirou polyphony dyal class, history, humour w authority. Saddiki's practice katbayan belli language choice dramaturgical, ma-shi ghir translation problem.

Zajal w oral heritage kay3tiw rhythm w memory, walakin khatar kayn ila heritage t7awel l-token. Ila creator y7et wa7d chant w costume qdim bach y3ti "authentic" label bla ma form tbdl, hadchi y9dar ykoun folklore freeze. Saddiki mohim 7it strongest readings kaychoufou integration deeper mn surface.

Moliere presence katzid complexity. Adaptation ma katsawich copy. Text y9dar ytdkhel f linguistic, social w performance system jdid. Character relations, humour, timing w class codes y9dro ytbdl. Hna hybridity ma hiyach compromise d3if; t9dar tkon production dyal ma3na jdid.

Walakin authenticity narrative 3andha criticism qwi. Jean-Francois Clement kay7der mn retroactive idea li kat3ayet 3la kol precolonial spectacle "theatre" b-nafs institutional sense modern. [S16] Halqa w bsat 3andhom histories dyalhom. Ila smmihom theatre automatically, momkin n9sro differences bach nsaybo genealogy nationalist mratba.

Had criticism ma kaygolsh local performance ma 3andhouch qima. B-l3aks, kaytalb precision conceptuelle. N9dro n9olo modern Moroccan theatre st3mel repertoires qdima bla ma n9olo institutional theatre kan da2iman kayn b-nafs form. Hadi distinction kat7mi history mn myth-making.

Saddiki's importance ta hiya ma khas-hash ttbna 3la claim "invented Moroccan theatre". Had claim mfrat w packet kay7der menno. Theatre field fih actors, troupes, institutions w creators ktar. L-qima dyalo hiya wa7d contribution kbira f synthesis aesthetic w debate 3la audience w identity.

Reception ma hiyach wa7da. Scholarship kay3tih place central f Moroccan w Arab theatre, walakin blanket claim belli kol Moroccan audience t9bl model dyalo ma 3andnach. Reception kaytbddl b-play, decade, city, institution, television w social change.

Funding w institutions kayhmmo ta homa. Artist y9dar ykoun 3ando theory qwiya 3la public theatre, walakin halls, troupes, training, touring w media access kay7kmo chkon kaychhof l-work. Cultural form ma kat3ichsh barra mn economy dyal production.

Halqa b-nafs-ha t9dar tbdl mlli tourism w heritage policy ydkhlo. Form li originally flexible w connected l-street t9dar twli expected performance l-visitor. Hna kayban su2al l-youm: kifach n7mi heritage bla ma njmdo? Conservation dyal form intangible khasha practitioners, transmission w space dyal experimentation, ma-shi ghir label.

Saddiki kay3tina ta lesson 3la global culture. "Global" ma khasosh y3ni English/French form imported. W "local" ma khasosh y3ni closed system ma kaytbdlch. Cultural identity t9dar ttbna b-translation, adaptation w selection. Artist kayakhod material mn barra w mn dakhil w kay3awd yrakkbo f context jdid.

Hadi idea relevant daba f cinema, music, games w social media. Creators Maghribiyin kay3ichou nafs tension: algorithm global, platform global, references local. Ila copied global trend direct, kayn khatar dyal flattening. Ila heritage t7et b7al museum prop, kayn khatar dyal stereotype. Challenge howa transformation li kaykhal9 form jdida.

F critique postcolonial, Saddiki y9dar yt9ra b-jouj toroq. Wa7d reading katshof recuperation dyal indigenous roots mn ba3d colonial stage dominance. Reading okhra katshof hybrid modernist ma kay7tajsh root pure. Juj kay3tiw insight, walakin second kat7mi mn fantasy dyal purity.

L-halqa hna katwli metaphor w technique f nafs waqt. Metaphor 3la audience li qriba mn performer; technique 3la circularity, direct address, episodic narration w improvisation. Ila technique khdm, form modern ma kayb9ash copy imported 7tta ila stage institution itself imported historically.

Chno b9a mn influence Saddiki? Halqa, festive forms w heritage adaptation ba9yin references f Moroccan w Maghrebi theatre debates. Ma n9droush n9olo kol wa7d kaytb3 model dyalo. N9drou n9olo su2alat li kan kaykhdm 3lihom mazal homa su2alat l-field.

W hadchi howa l-teaser l-a9wa: modernity ma hiyach opposite dyal heritage. L-opposite dyal creativity howa imitation, imitation dyal foreign form wla imitation dyal past. Saddiki's work mohim 7it kaybayan possibility talta: heritage ydkhl l-modern stage b7al material kayt7rek, ma-shi fossil.
